

Carla Ferraz de Araujo – iOS Developer

araujoc0101@gmail.com | +55 41 98877-5072

WORK EXPERIENCE

Apple Developer Academy – PUCPR | Mar 2025 – Present

- Selected for a competitive Apple-sponsored program focused on advanced iOS development.
- Developed iOS applications using Swift, SwiftUI, and UIKit applying MVVM, MVC, MVMC, and design patterns.
- Integrated CoreML, Vision, Foundation Models, ARKit, HealthKit, CoreData, SwiftData, and SpriteKit.
- Built AI-driven and AR-based features with scalable persistence and secure data handling.
- Contributed to UI/UX design aligned with Apple Human Interface Guidelines (HIG).

PROJECTS

Grip – Progress Tracking App | Aug 2025 – Sep 2025

- Engineered SwiftUI-based app using SwiftData for relational persistence and reactive data flow.
- Applied MVVM architecture with modular separation of concerns.
- Implemented CRUD operations and programmatic PDF generation with native sharing.

ShAlde – AI-Powered Shadow Interaction | Feb 2026

- Built real-time hand tracking app using Vision and Create ML custom models.
- Implemented camera processing and ML inference pipelines for gesture recognition.
- Designed interactive experience addressing urban deforestation awareness.

Pluma – AI Interactive Spanish Learning App | Oct 2025

- Developed AI-driven narrative app using Swift, UIKit, and Combine.
- Integrated Foundation Models for dynamic story generation.
- Managed reactive state-based progression with immersive AVFoundation features.

EDUCATION

B.Sc. in Information Systems – PUCPR | Jun 2024 – Present

- Relevant coursework: Software Engineering, Data Structures, OOP, Systems Architecture.
- Dean's List (2025) – Outstanding Academic Performance (certificate:  Deans List.jpeg)

Architecture and Urbanism – UTFPR | Feb 2022 – Mar 2024

- Completed foundational coursework in design theory, visual composition, and spatial analysis.
- Developed analytical reasoning and human-centered design skills.

LANGUAGES

- English – Advanced (certificate:  TOEFL.pdf)
- Spanish – Advanced (certificate:  Siele.pdf)
- Portuguese – Native

TECHNICAL SKILLS

- Programming: Swift, SwiftUI, UIKit
- Architecture & Patterns: MVVM, MVC, MVMC, Design Patterns
- Frameworks: CoreML, Vision, Foundation Models, ARKit, HealthKit, CoreData, SwiftData, SpriteKit, AVFoundation
- Tools & Workflow: Git, Xcode, Agile and CBL methodologies
- Productivity: Microsoft Office (certificate:  Office.jpeg)

CORE SKILLS

- Strong Communication & Presentation
- Extroverted & Team-Oriented
- Proactive & Adaptable
- Analytical & Creative Problem-Solving

VOLUNTEER WORK

Director of Communication - Academic Center (PUCPR) | 2025 - Present

- Led communication strategy, branding, digital presence, and web development.

Web & Graphic Design Volunteer | 2023 - present

- Developed websites and digital materials for Nós, Prefeitura de Rio Branco do Sul (PRUMO Project), Amigos do Noel, and Pingo de Ouro.
- Applied user-centered design and visual communication principles.
